

Dear Mr. Tahir,

Assalam –o- Alaikum,

In response to your e-mail and our offer for the Tutorial Services, please be informed that we do not have any willingness to earn the money it is just to serve the community and to be in touch with the Education, because we have plan to open a top class English Medium High School in Lahore – Pakistan in very near future.

So, my wife is offering her services to help the Pak-Community female students who are interested to learn some thing in the previously mentioned subjects, which are:

Chemistry, Biology, Physics, Journalism, English and Economics along with basic education of Computer.

For the cost, it will depend on the willingness of the Students parents because we will ask them that how much easily they can pay and for the students who are not able to pay we will provide them Free education and we hope that the other volunteer from C.P will also help our community in the same manners.

If you need any further information, please do not hesitate to contact me at any time by my given Phone and e-mail.

My Mobile is : 057581300.

Well Wishers

Mohammad Afzal Suhail
